

Data Sheet – 36HR.PET

36mic CLEAR POLYESTER TIGHT RELEASE / PERM PSA / 62 HONEY GLASSINE RELEASE

General

36HR.PET is a construction consisting of the layers as described below. The main use of this product is to provide a very tight release coated siliconised layer, to which another PSA product can be adhered strongly, but still remain removable from the silicon patch. This product is suitable for use on 'forms' machine such as a Tamarack.

The reels are wound with the honey glassine release paper 'outside facing'.
