

Data Sheet – URP14

90 GLOSS PAPER / REMOVABLE / 62 GSM RELEASE LINER

General

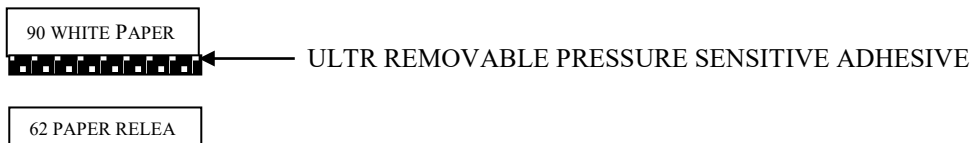

URP14 is made up of the layers as described below. This ultra removable and repositionable paper product exhibits excellent residue free removability from many substrates whilst maintaining good adhesion at the same time. It is very good for applications where no adhesive residue is desired, eg: on decorative printed or lacquered items like greetings cards. URP14 is suitable for many print techniques such as flexo & hot laser. This product is a superb example of a robust, ultra removable and repositionable paper product. This product is suitable for use on 'forms' machines such as a Tamarack or label printing / die-cutting machines.
